## NEW INTRODUCTION

**TOPHET** (Peck-A 1939) A striking tall-bearded variegata of brilliant carrying quality and fine garden effect. While the individual flowers are not large they are produced in great profusion over a long season of bloom on excellently branched, sturdy stems. The standards are a clean, honey yellow; falls velvety claret brown, the general effect being that of a velvety variegata of unusually bright, clear coloring, splendidly weather resistant. A fine grower. Price \$7.50

# Color Classification

## WHITE

Oriana. Parthenon. Pewee. Selene. Venus de Milo.

## TERMS

Prices are based on first quality stock, vigorous single rhizomes, free from disease and true to name.

Terms are net, cash with order, except for discount of ten per cent on orders of more than thirty dollars and discount of five per cent on orders of more than ten dollars from A. I. S. Members.

We can not undertake responsibility for growth or flowering results. All stock is in good condition when shipped, and with proper care it should thrive under normal conditions.

No substitutions will be made unless ordered.

Shipping is done from the fifteenth of July to the fifteenth of August preferably, also at other dates if ordered.

Write for wholesale rates on large orders or for quotations on varieties not listed.

Please include twenty-five cents on orders of less than two dollars to cover packing and postage.

## Cultural Directions

Iris should be placed to get a maximum of sunlight in ordinary sweet garden soil. When planting, spread roots and place rhizomes just under the surface. If ground is dry, water well to settle the soil about the roots.
